### BE SURE YOU'RE RIGHT

That is good advice all the time. It is especially good in buying  
Real Estate. I have been selling East Texas property for years,  
and I am still here and selling more and more all the time. My  
customers of the past are my friends of today. Enough said.

The same thing in Fire Insurance

## THOUSAND ARE DEAD CONDITION IS CRITICAL

AS RESULT OF THE EARTHQUAKE  
AT CARTAGO—OVER TWO HUN-  
DRED BODIES TAKEN FROM THE  
RUINS OF CITY TODAY.

(Herald Special.)  
San Jose, Costa Rica, May 6.—Over  
two hundred bodies have been taken  
from the ruins in Cartago today, and  
it is now believed that the number  
will reach one thousand or more. Dis-  
patches received here today indicate  
that not only Cartago but also Paraso,  
eight miles from Cartago, and Orosi,  
twenty miles southwest of the city,  
have been wrecked.

People Fled to Open Country.  
(Herald Special.)  
Managua, Nicaragua, May 6.—Be-  
sides the Carnegie peace temple the  
other buildings destroyed by the earth-  
quake at Cartago Wednesday were the  
residence of President Ricardo Jim-  
enez, Weldon's Hotel, where large  
numbers of Americans from the Canal  
Zone usually spend their vacations,  
the Cartago Club and the new cathed-  
ral facing on the plaza in Cartago.  
The latest dispatches say considerable  
damage was done at San Jose. The  
heaviest shock occurred at 6:50 p. m.,  
although there were several prelimi-  
nary shocks. Many of the inhabitants  
of Cartago and San Jose, becoming  
frightened at the early shocks, fled to  
the open country and were saved.

Official Report Received.  
(Herald Special.)  
Washington, D. C., May 6.—The  
state department today received an  
official report from the American leg-  
ation at San Jose.  
"Cartago was destroyed Wednesday  
night by an earthquake. The killed  
and wounded are estimated at five  
hundred. The Central American Jus-  
tice Court was destroyed. All Ameri-  
cans are safe. San Jose was badly  
shaken, but no lives were lost here."

Red Cross Active.  
(Herald Special.)  
Washington, D. C., May 6.—Upon re-  
ceipt of advices confirming the extent  
of the Cartago earthquake disaster,  
the Red Cross Society today cabled  
\$5,000 to American Consul Samuel T.  
Lee at San Jose for instant use in re-  
lieving the distress. Appeals have  
also been sent out to the state chap-  
ters of the Red Cross directing them  
to receive public contributions for the  
earthquake sufferers. And similar ap-  
peals have been issued by John Bar-  
rett, director of the Bureau of Ameri-  
can Republics.

Panic Reigns.  
San Juan del Sur, Nicaragua, May 5.  
—A large part of Cartago, Costa Rica,  
was destroyed last night by a power-  
ful seismic movement. Details are  
very meager, as the telegraph wires  
have been leveled between San Jose  
and Cartago. The operators at the  
latter place were killed.  
It is known that at least five hun-  
dred persons are dead and many hun-  
dreds injured. Scores of buildings were  
thrown down, among them the Palace  
of Justice, erected by Andrew Carneg-  
ie. The wife and child of Dr. Bo-  
canegra, the Guatemalan magistrate to  
the Central American Arbitration  
Court, have been killed. Panic reigns  
as the earthquake continues.  
San Jose has also been shaken.  
Some of the buildings being damaged.

A BULLETIN ISSUED AT SIX  
O'CLOCK THIS AFTERNOON  
SAYS CONDITION OF KING ED-  
WARD IS ALARMING.

(Herald Special.)  
London, May 6.—The following bul-  
letin was issued this morning by the  
doctors attending King Edward:  
"The king passed a comparatively  
quiet night, but his symptoms show  
no improvement. His majesty's condi-  
tion gives rise to grave anxiety."  
The bulletin has doubled the alarm  
of the people owing to the words  
"grave anxiety." The bulletin issued  
last night said the king's illness was  
a source of anxiety, and it is believed  
the wording of the morning bulletin  
means that his condition is much  
worse. It is known that the attending  
physicians fear pneumonia, which at  
the age of sixty-nine is almost cer-  
tainly fatal. The feeling is general  
among the people that the king's  
chances for recovery are slight, and  
already special church services are be-  
ing held to pray for the recovery of  
the nation's ruler.

Earth shocks also were felt at sev-  
eral points in Nicaragua near the  
Costa Rican frontier. Reports which  
reached here state that there is much  
fear and destitution at Cartago  
consequent upon the disaster.  
Cartago, capital of Cartago Prov-  
ince, lies at the foot of Irazu volcano,  
about fourteen miles from San Jose.  
It has an estimated population of 10,  
000 and is the seat of the Central  
American Peace Court, for the home  
of which Andrew Carnegie donated a  
large sum.  
Cartago was the capital of the coun-  
try until 1823. It has suffered fre-  
quently from earthquakes and was  
partially or in greater part destroyed  
in 1723, 1803, 1825, 1841, 1851 and 1854.  
On April 13 last a series of earth-  
quakes varying in intensity swept  
over Costa Rica, doing considerable  
material damage, but practically with-  
out loss of life. San Jose suffered  
most severely, while both Cartago and  
Port Limon felt the force of the dis-  
turbances.

More Battleships.  
Washington, May 5.—The demand  
of the administration for two new  
battleships will be granted, the sen-  
ate committee on naval affairs having  
practically decided today to accept the  
provision in the house bill.
